DETAILED ACTION

Examiner's Amendment.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Cancel claims 6-13.

Reason for allowance

The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed Wire Loop, Semiconductor Device Having Same, Wire Bonding Method and Wire Bonding Apparatus having major portion of wire that has a crushed part formed in proximity to the neck portion by crushing the part of the wire together with a top portion of ball so that the wire extends in one direction away from the bonding point at a first position and the crushed part extends in another direction to contact the bonding point at a second position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
